and Yvette Harrison Recruitment is going from strength to strength.

As one of New Zealand's leading technical recruitment specialists with over 20 years experience, I work with companies throughout New Zealand on a broad range of roles and have filled numerous vacancies, including:

Director of Engineering | Director of Quality

Manufacturing | Production | Warehouse Managers

Quality | Operations | Procurement Managers

Installation | Project | Electrical Engineers

Product Development | Packaging | Food Technologists

If you're looking to engage an industry expert to help you fill a current or upcoming vacancy, give me a call.

HIRING OVERSEAS CANDIDATES

With many Kiwis heading overseas for work or an OE, it's becoming increasingly difficult to find local candidates to fill vacancies.

With our borders now fully open, companies can start looking offshore for the skills they need but they'll have to be accredited with NZ Immigration to do so. When the new Accredited Employer Work Visa (AEWV) was introduced, there was concern that the accreditation process would be lengthy, complicated and expensive. Well it turns out it's not nearly as bad as we first thought!

I'm not an immigration consultant but I've taken a keen interest, learning a lot from clients who've become accredited and undertaken extensive research on the subject. I've put together an easy to read summary of the accreditation process and associated requirements which you can read on my website Insights page. Alternatively, feel free to give me a call to discuss how I can help you to access great overseas talent.

CLIENT TESTIMONIAL

“Yvette is a fantastic recruiter. You would be hard pressed to find someone who works as hard for both their clients and their candidates. With her deep market knowledge, intellect and strong integrity she is a credit to the recruitment industry”
